NOTES ON THE BUDGET ESTIMATES

1. The Budget Estimates are presented in a programme format. This format aims to give a reasonably accurate estimate of costs of each major activity carried out by the Ministries so that these can be weighed against its importance in the Government's total budget. Each Ministry's expenditures are grouped first into broad **programmes** and then into **activities**. A **programme** is a group of closely related services which contribute to a common objective or set of allied objectives. Primary Education, for instance, represents one programme within the Ministry of Education. **Activities** are the major subdivisions within programmes. Primary Education, to continue the example, is divided into General Administration, Government Primary Schools, Non-Government Primary Schools and Special Education.
2. Within each budget activity, expenditures are further divided into ten Standard Expenditure Groups (SEGs). This is a classification by item of expenditure but items are grouped in categories which reflect the economic or administrative purpose of expenditure. (e.g. SEG 6 covers Operating Grants and Transfers and all Established Staff payments are classified in SEG 1). The SEGs and the various kinds of item fitting within each SEG are listed in Appendix 1.
3. For each Ministry and for the budget as a whole, a summary is presented by SEG. SEGs 1 to 7 represent recurrent or operating expenditures whilst SEGs 8 to 10 are expenditures of a capital nature involving fixed assets with an economic life of several years. A summary of the total budget, grouping Ministries into functional categories is also given.
4. The 2023-2024 revised estimates under each Head, Programme, Activity and SEG may differ from the original estimates due to the movement in Ministries/programme/activities/items during the year.
5. The 2024-2025 Budget Estimates show revenue and expenditure for the budget year (on which appropriations are based). As a baseline for future decisions with an impact on expenditure and revenue, projections of revenue and expenditure for two subsequent years (2025-2026 and 2026-2027) are also included in the Estimates.
6. Beside each HEAD SEG Summary, an overview narrating the key deliverables of each ministry is provided.
7. The forward years captures the planned change(s) in the estimates from the budget year. The planned change provides a base on which the Government can determine how much can be spent on new projects each year.
8. The estimates shown under the **aid-in-kind** heading within each Activity and in the summary for each Budget Head include contributions of materials, equipment and technical assistance funded directly by Fiji's development partners. All other assistance from development partners pledged through third parties are not reflected under aid-in-kind. The figures shown are not precise for several reasons; the financial year of development partners often differs from that of Fiji and, in many cases, aid proposals will be finalised during the year. It is emphasised that the figures shown do not represent additional budgetary resources available to the Ministries.
9. Direct Payments are also reflected as part of total expenditure in line with standard classifications. These are payments for foreign financed capital projects made directly by the lender to the contractor(s) undertaking the work; funds are not paid into the consolidated account.
10. The designation, **R** denotes that provision under the items so marked is under requisition and a warrant signed by the Minister of Finance, Strategic Planning, National Development and Statistics and/or the Permanent Secretary for Finance is required before these funds may be expended. The amount that is indicated beside **R** is under requisition. It does not mean that the amount under requisition is in addition to the approved allocation. A number of items in the 2024-2025 Budget have been placed under requisition in anticipation of these items being funded through aid. Where the aid involves cash grant; these funds will be released only upon receipt of aid funds into the consolidated account. In some cases, expenditure has been placed under requisition to permit additional analysis of the proposed expenditure to be undertaken to ensure sound use of the resources.
11. VAT on Aid-in- Kind is included under SEG 10 of Head 50-1-1-10(5).
12. Minor discrepancies between constituent figures and totals are a result of rounding off the figures to the nearest dollar.

OFFICE OF THE PRESIDENT

The Office of the President provides administrative and logistical support to the Head of State, His Excellency the President, in the performance of his official duties. These duties include; the signing of bills passed by Parliament into law, opening each session of Parliament, attending ceremonial functions, carrying out responsibilities as Commander-in-Chief of the Republic of Fiji Military Forces (RFMF), conducting state visits and maintaining an active community engagement programme.

The Office works in accordance to the 2013 Constitution of the Republic of Fiji and the National Development Plan that guides the development of the nation.

The President promotes Fiji to the international community by formally receiving and farewelling the appointed Foreign Heads of Missions who are accredited to Fiji, in addition to hosting visiting dignitaries, including Heads of State, Heads of Government and leaders of international organisations. The Head of State promotes Fiji by visiting other countries for special occasions, supporting Fiji's strategic foreign policy priorities by cultivating goodwill among the international community.

The Office's operating budget supports the President's constitutional functions, state visits, and community engagements. It also covers the upkeep and maintenance of the presidential properties in Suva, Deuba and Lautoka, and the administration of the Fijian Honours and Awards system, which aims to recognise the efforts of both Fijian citizens and non-citizens who contribute to Fiji's development as a nation.

The Office will continue to undertake the construction of the Executive Office and Administration Block to address the prevalent Occupational Health and Safety hazards within the Administration Block and Executive Office, promoting the infrastructure development at the workplace for staff members.

The Office of the President is allocated a total of **\$4.4 million** in the 2024-2025 Budget.

OFFICE OF THE PRIME MINISTER

The Office of the Prime Minister (OPM) assists the Prime Minister in the role of Head of Government and Chairperson of Cabinet by providing administrative and logistical support. The Cabinet Office of the OPM provides Cabinet and the Prime Minister with secretariat support to ensure timely decisions for the effective running of the Government.

The Office of the Prime Minister comprises of the Prime Minister's Office, Cabinet Office, Department of Information, National Archives of Fiji and Veteran Affairs.

The OPM implements a number of programmes, including the issuance of small grants, coordination of donor funding for community development projects (particularly in rural areas and outer islands), and the administration of the Rotuma and Rabi Councils, Melanesian Vasu - i - Taukei and Kioa Islands development funds.

The Fiji Servicemen After-Care Fund Office is responsible for the administration (demand, distribution and accountability) of the Annual Grant provided for the aid and care of disciplined forces personnel, spouses and families that qualify to receive such fund under the Fiji Servicemen's After-Care Fund Act. Members of the disciplined forces include Military, Navy, Police and Prisons officers that took part during the Second World War 1939 - 1945; the Malayan Campaign 1951 - 1956; Operation Grapple in Malden and Christmas Island 1957 - 1959 and those that took part in any peace keeping operation around the world from 1978 until now.

The Department of Information is the Government's primary information agency, providing the link between the Government, the media and the public.

The National Archives is responsible for the preservation and maintenance of Fiji's historical records so that they can easily be used and made available to the public.

The Office of the Prime Minister is allocated a total of **\$28.4 million** in the 2024-2025 Budget.

OFFICE OF THE ATTORNEY - GENERAL

The Office of the Attorney - General provides legal services to the Government with the core function and responsibility to support the Attorney - General as the chief legal advisor to the Government.

Legal services provided include provision of legal advice to Government and all holders of public office on request, representation in State proceedings (civil litigation) and representation of the State in regional and international meetings/forums. The office also prepares draft laws for Government for submission to Cabinet and Parliament respectively, and performs any other function assigned by law, Cabinet or the Attorney - General.

The roles and functions of the Office of the Attorney - General are pivotal in ensuring that Government operates within the law at all times and that Fiji's laws and legal practices are aligned to the Fijian Constitution as well as international conventions and best practices.

The Office of the Attorney - General is also responsible for the development and maintenance of Fiji's online database of consolidated laws, which provides all Fijians with free access to the laws of Fiji on an easy-to-use platform.

The Office of the Attorney - General is allocated a total of **\$8.4 million** in the 2024-2025 Budget.

MINISTRY OF FINANCE, STRATEGIC PLANNING, NATIONAL DEVELOPMENT AND STATISTICS

The Ministry of Finance, Strategic Planning, National Development and Statistics is responsible for managing the public finances in accordance with the Fijian Constitution and the Financial Management Act 2004.

The Ministry carries out economic analysis and forecasting; manages Government's national budget, debt and assets; oversees fiscal policy and tax collection; implements financial management reforms; and ensures that Government can procure the goods and services required to maximise services delivered to the Fijian people.

The Ministry's Budget Division formulates the Government's National Budget and coordinates with ministries and departments to ensure effective implementation. The Division is also responsible for the coordination of the Gender Responsive Budgeting to ensure that gender is mainstreamed in the Ministries programmes and activities to support Government's objective to reduce gender gaps or addressing gender equality.

The Fiscal Policy, Research and Analysis Division provides sound analysis and advice on appropriate fiscal and taxation policies to be considered in the National Budget. It also prepares the Medium-Term Fiscal Strategy, supplementary budget documentation including the Citizens Guide to the National Budget and Statistics; forecasts Government revenues; monitors Government's financial performance and cash flow trends; takes a lead role in the preparation of macroeconomic forecasts; appraises applications for tax incentives and concessions; monitors global developments that could impact the domestic economy; and designs relevant fiscal responses to mitigate potential risks.

The Procurement Office ensures that all procurement of goods, services, and works are done in an effective and efficient manner. It follows the guiding principles of procurement, which sets the foundation on which all Government procurement must be carried out. To move Government procurement to a more advanced and digital process, the Ministry uses the e-Tender portal which is an internet-based online tender platform. Additionally, the revised Procurement Regulations 2024 was approved by Cabinet to strengthen the public procurement regulatory environment which will make the procurement process more transparent, efficient, sustainable and accountable.

The Treasury Division manages Government's Debt and Cash portfolio; ensure prudent management and coordination of the Accounting Services; manage and review accounting controls and processes; and facilitates and prepares the Whole of Government financial statements. The Division is in the process of changing the two-decade old Financial Management Information System ('FMIS') and forty-year-old Payroll System to bring efficiency and improve public service delivery. This will "GO LIVE" on 1 August 2024.

The Internal Audit and Good Governance Division conducts the internal audit function for the Government. With the aim of strengthening internal controls and good governance, the Division has strengthened its auditing processes through the upgrade of the current audit software from TeamMate AM to TeamMate +. A recent policy improvement and part of the Public Financial Management Improvement Plan in positioning the Internal Audit Function and purpose in Government is the approval of the Internal Audit Charter which is a requirement towards aligning and in full compliance with the International Internal Auditing Standards.

The Fiji Bureau of Statistics (FBOS) is responsible for the production, analysis and publication of statistics in a timely and coherent manner. FBOS is entrusted to provide official statistics on a wide range of economic, social, population and environmental matters that are important to Fiji, for better informed policy and decision-making. FBOS will complete the Employment and Unemployment Survey (EUS) in September 2024 before the data processing and analyses will commence. FBOS will also undertake the Household Income and Expenditure Survey (HIES) in this financial year which is designed to produce information of peoples' living condition with income and expenditure patterns for the reference period.

The Strategic Planning Office ensures better coordination and formulation of a strategic and robust development agenda, particularly in the formulation of policies, effective implementation and monitoring of Government initiatives. Priority will be given on the following areas: articulation, coordination and advocacy of national development strategy and the policy framework; implementation of the new National Development Plan; analysing sector policies to ensure consistency with national objectives and policies and implementation of the PSIP guidelines to strengthen and improve the monitoring and evaluation of capital projects based on value for money.

The Ministry of Finance, Strategic Planning, National Development and Statistics is allocated a total of **\$96.9 million** in the 2024-2025 Budget.

MINISTRY OF iTAUKEI AFFAIRS AND CULTURE, HERITAGE AND ARTS

The Ministry of iTaukei Affairs and Culture, Heritage and Arts provides sound policy advice relating to good governance and well-being of the iTaukei, including traditional leadership, socio-economic developments, and matters related to iTaukei land and natural resource.

The Ministry plays a lead role to support the Great Council of Chiefs and other iTaukei Institutions. It safeguards, protects and promotes iTaukei culture, customs, traditions, language, cultural heritage sites and indigenous rights. Through the Department of Culture, Heritage and Arts, the Ministry leads the coordination of all cultural agencies in terms of promotion, preservation, safeguards Fiji's rich cultural and natural heritage. With the Fiji National Cultural Policy, the Ministry also supports other ethnic groups.

The iTaukei Affairs Board and the 14 Provincial Council Offices, the Centre for Appropriate Technology and Development (CATD), the Native Reserve Commission, Fiji Museum, National Trust of Fiji, and Fiji Arts Council continue to receive Government grant, through the Ministry.

Administrative support is provided to the iTaukei Lands and Fisheries Commission (TLFC) which is the custodian of various registers that detail iTaukei lands ownership, customary fishing grounds, village boundaries, maintenance and preservation of records and traditional titles, including the Vola ni Kawa Bula. Through these records, TLFC resolves land and traditional title disputes. TLFC will continue its work on the survey of unsurveyed lands, demarcation of land boundaries, redefinition survey, village GIS survey and assist in the survey of mahogany leases.

Through the Solesolevaki Framework, the Ministry coordinates with the iTaukei Trust Fund Board, iTaukei Land Trust Board, iTaukei Affairs Board, TLFC, CATD and Fijian Holdings Limited for the economic empowerment of the iTaukei. This includes assistance to Provincial Council Companies and land development initiatives. The Ministry will continue to facilitate through the iTaukei Affairs Board the payment of Turaga ni Koro, Mata ni Tikina, and Turaga ni Yavusa allowances.

The Ministry of iTaukei Affairs and Culture, Heritage and Arts is allocated a total of **\$39.4 million** in the 2024-2025 Budget.

MINISTRY OF HOME AFFAIRS AND IMMIGRATION

The Ministry of Home Affairs and Immigration is responsible for providing strategic leadership, policy guidance and transforming defence, policing, immigration, and private security platforms to ensure a safe and secure Fiji for all.

The Ministry of Home Affairs manages the defence, policing and private security platforms and comprises of Corporate Services, the National Security and Defence Review Secretariat and the Policy Division.

The National Security and Defence Review Secretariat provides support to the work of the Security and Defence Review Team and is responsible for coordination the implementation of the findings of the review.

The Policy Division is responsible for the provision of administrative and policy support for the Republic of Fiji Military Forces and the Fiji Police Force. It also coordinates the work on treaties and conventions that are under the auspices of the Minister for Home Affairs and Immigration. In addition, the Division is also responsible for regulating the work of the Security Industry.

The Ministry under its Ministerial assignment is also responsible for the coordination of national events such as the Fiji Day celebration and the Remembrance Day commemoration.

In the short to medium term, it is anticipated that the Ministry will support the implementation of the findings of the Security and Defence Review. In addition, it will also support the establishment of the Narcotics Bureau, the implementation of the National Narcotics Strategy and also provide support for Fiji Police Force Reset initiative.

The Ministry is also anticipated to continue its work on Fiji's Cyber Security Framework for Critical Infrastructure and Fiji's Protective Security Framework.

Additionally, the Ministry will review the Police Act 1965, Military Act 1949, Security Industry Act 2010 and Immigration Laws and Regulations. The Ministry will also work on several new legislations that will ensure that laws are fit for the purpose of security environment.

The Department of Immigration manages the movement of people at Fiji's borders. Its key functions of sustaining border management and security are operationalised through the delivery of key immigration services such as issuance of Visa and Permits, Travel Documents (Passport), Citizenship and 'Enforcement' of Immigration laws and regulation.

The Department of Immigration will continue its work on its Document Management System, Passenger Information System, and the trial of the outsourcing of Immigration Administrative Services. In addition, it will continue to work on the findings and recommendations of the Growth Re-Set Sub-Committee of Immigration Investment.

The Ministry of Home Affairs and Immigration is allocated a total of **\$21.4 million** in the 2024-2025 Budget.

MINISTRY OF EMPLOYMENT, PRODUCTIVITY AND WORKPLACE RELATIONS

The Ministry of Employment, Productivity and Workplace Relations (MEPWR) promotes the fundamental rights of workers, employers and administers the Employment Relations Act 2007, Health and Safety at Work Act 1996, National Employment Centre Act 2009 and the Workers Compensation Act (Cap. 94). MEPWR undertakes crucial responsibilities that impact the livelihoods of the citizens and the economic prosperity and stability of the nation.

The Ministry ensures that its international obligations and reporting on the International Labour Organisations (ILO) Conventions are met. It collaborates with its stakeholders and development partners including Asian Productivity Organisation (APO) in administering mandatory legislations that promotes decent work and sustainable employment for all.

The Ministry's Strategic Plan 2023 - 2027 endorses the inclusive development of Fiji's labour market, focusing on good governance, social justice, employment growth, gender equality, health and safety, green productivity, digitalisation and innovation to drive efficiency for better service delivery.

The Ministry strives to provide greater pathways for work opportunities for Fijians and will continue to collaborate with all stakeholders to strengthen Technical and Vocational Education Training (TVET) and apprenticeship schemes to meet the growing demands in the labour market, support initiatives such as the volunteer and work placement programs. The Ministry will continue to monitor and review its plans and performance. It will also invest in providing opportunities for lifelong learning and advance its labour reforms by strengthening the occupational health and safety measures, employment grievance procedures and labour standard compliance.

In the pursuit of industrial relations excellence, the Ministry prioritises fostering harmonious relationships through active tripartite collaboration by promoting fair labour practices, upholding workers' rights, and mediating disputes effectively. The Ministry's goal is to ensure that labour relations in Fiji are characterized by tripartite collaboration, mutual respect, transparency, fair and trust relations. The Ministry has already embarked on and is progressively implementing labour reforms to comply with ILO standards and practices. The Ministry is responsible for proactive mediation to settle grievances and disputes in the best interest of all parties.

In 2024, the Ministry is tasked to resolve the "*Vatukoula Gold Mine Strike (34 years old)*" the longest outstanding dispute on ILO records and the Fiji Coalition Government is committed to settle this matter with urgency.

As part of its commitment towards Fiji's economic recovery, the Ministry will also continue to work with Australia and New Zealand governments to strengthen its labour mobility programmes through the short-term seasonal work schemes in New Zealand and Australia together with the long-term Pacific Australia Labour Mobility (PALM) scheme. This will enable unemployed Fijians to earn income and obtain skills that will contribute to self-development and the growth of the Fijian economy through remittances.

The Ministry of Employment, Productivity and Workplace Relations is allocated a total of **\$21.4 million** in the 2024-2025 Budget.

MINISTRY OF FOREIGN AFFAIRS

The Ministry of Foreign Affairs is responsible for the implementation of Fiji's foreign policy by maintaining and strengthening Fiji's diplomatic relations, building bridges of cooperation with development partners, and growing trade with other nations.

Fiji has established formal diplomatic relations with 182 countries and has 13 Overseas Missions (and one Roving Ambassador in Fiji). These Missions comprise of Fiji Embassies in Beijing, Jakarta, Tokyo, Abu Dhabi and Washington DC. The High Commission offices include Canberra, London, New Delhi, Wellington, Papua New Guinea and Malaysia. There are two (2) Fiji Missions that are Permanent Representatives to the United Nations: the Fiji Missions in New York and Geneva. Over the past 50 years of evolution as an independent democratic nation, Fiji has showcased its capability to lead the world on critical issues confronting humanity, from climate change to ocean sustainability and the protection of human rights.

Through the multilateral institutions such as the Pacific Islands Development Forum (PIDF), Pacific Islands Forum Secretariat (PIFS) and the Melanesian Spearhead Group (MSG); Fiji will continue to strengthen its leadership role in the region, working with its neighbours to resolve the great challenges that Pacific Island countries face to develop their economies and improve the lives of their people.

The Ministry also provides consular services to Fijians living overseas and assists in the coordination of high-level meetings and visits, including conferences hosted in Fiji.

The Ministry is provided **\$43.8 million** in the 2024-2025 Budget.

INDEPENDENT BODIES

Fiji's Independent Bodies operate autonomously. Along with Independent Commissions, they make up the system of checks and balances that upholds the rule of law, ensures representative government and provides external oversight to secure and maintain a transparent and accountable Government.

These Independent Bodies are: Office of the Auditor - General (OAG); Fijian Elections Office (FEO); the Judiciary; the Parliament; and the Office of the Director of Public Prosecutions (ODPP).

The Office of the Auditor - General is an independent office established under Section 151 of the Fijian Constitution. The Auditor - General is required to audit and report to Parliament on the public accounts of the State, the control of public money and public property, and any other transactions with or concerning public money or public property of the State. The Office of the Auditor - General has been allocated a sum of **\$7.0 million** in the 2024-2025 Budget.

The Fijian Elections Office is responsible for the independent preparation and conduct of national elections for Parliament every four years and any other election assigned under the law. A total of **\$7.4 million** is provided for the operations of the Fijian Elections Office in the 2024-2025 Budget.

The 2013 Fiji Constitution, Chapter 5, Section 97 outlines the judicial power and authority of the State is vested in Fiji's Courts; to hear and resolve disputes and uphold the rule of law, subject only to the Constitution and the Law. Parliament must also ensure that the Judiciary has adequate resources to perform its functions and exercise their powers properly. Hence, the total budget of **\$52.1 million** is provided to Judiciary in the 2024-2025 Budget.

Similarly, Chapter 3, Section 46 of the 2013 Fiji Constitution, stipulates that the authority and power to make laws for the State is vested in Parliament. Parliament is the voice of the Fijian people, and is responsible for ensuring a representative Parliament, openly debating relevant issues and providing oversight of Government activities. The total budget for Parliament in the 2024-2025 financial year is **\$18.2 million**.

The Office of the Director of Public Prosecutions is an independent office established under the 2013 Fiji Constitution to institute and conduct criminal court proceedings in Fiji. The ODPP is allocated **\$8.1 million** in the 2024-2025 Budget to carry out its operations.

MINISTRY OF ENVIRONMENT AND CLIMATE CHANGE

The Ministry of Environment and Climate Change will continue to enforce environmental legislation, policies and programs that promote sustainable development and build national resilience to the impacts of climate change. It will do so through engagement to increase public awareness on environmental priorities and climate change issues, overseeing the implementation and compliance with relevant legislation, and through activities to support the fulfilment of Fiji's obligations under international conventions and treaties.

The Department of Environment is responsible for enforcing measures and processes established under the Environment Management Act 2005 to ensure that Fiji's national development activities and efforts do not come at the cost of the environment (which includes land, water/sea, and air). Through the implementation of environmental legislation, policies and programs, the Ministry works to increase public awareness on environmental issues and enforce strict adherence to the laws that exist to protect and conserve Fiji's ecosystems and unique biodiversity for future generations.

Through the Climate Change Division, the Ministry coordinates climate-informed development planning, including the coordination of climate finance, and engagement in international climate change negotiations. The Division provides support to line Ministries to increase their capacity to address the impacts of climate change on their respective portfolios while also supporting cross-sectoral efforts to increase access to climate finance.

The Ministry will work to protect Fiji's natural resources and coordinate cross governmental efforts to manage the impacts of climate change, recognizing its cultural, economic, and social importance and managing ongoing changes to and pressures upon Fiji's natural environment.

The Ministry of Environment and Climate Change is allocated a total of **\$9.7 million** in the 2024- 2025 Budget.

FIJI CORRECTIONS SERVICE

The Fiji Corrections Service (FCS) is responsible for the security and welfare of inmates under care. The paradigm shift from containment to corrections has transformed FCS to be a rehabilitation centric organization that has demanded an increase in the roles and duties performed by corrections personnel.

FCS's commitment in achieving the goals and outcomes, will continue to enable growth in integrated efforts to help restore lives and keep communities safe. FCS will continue to meet the expectation of the stakeholders, customers and the Government of Fiji.

FCS is obligated to meet international standards and its best practices, including compliance with all human rights obligations for the treatment of inmates. FCS continues to improve and upgrade its capital projects, leveraging technology to improve its operations in the Correction Centres and improve the quality of its rehabilitation programmes and works.

FCS will enhance its Rehabilitation Programme and Yellow Ribbon Projects to display the successful reintegration of inmates into the society upon their release, allowing them to live productive lives, therefore reducing the recidivism rate. FCS has overcome challenges faced on overcrowding through proper classification and allocation of inmates in ensuring that human dignity of all inmates is respected.

The review of FCS Job Evaluation Exercise (JEE) complimented and will empower the correction personnel with the additional roles and duties as rehabilitation Officers. FCS acknowledges the Government for the breakthrough on this JEE after 20 years and the provision of funds to implement the recommendations in the current financial year.

The Fiji Corrections Service is provided a total of **\$57.8 million** in the 2024-2025 Budget.

MINISTRY OF JUSTICE

The administration of justice and law of Fiji is under the purview of the Ministry of Justice. The registries mandated by law to keep official records of legal papers are used by the Ministry to provide judicial services. Companies, businesses, credit unions, money lenders, titles, deeds, charitable organizations, places of worship, births, deaths, and weddings are all registered under these registries.

The Ministry is also in charge of "Justice of Peace" and corporate dissolution. To increase access for all Fijians, the Ministry decentralised and expanded its services through the 20 offices for births, deaths, and marriages across the country. The decentralised offices assist Fijians with land, title, and deed searches, as well as business and company registration.

The Registrar of Companies Office has an online platform/portal to allow members of the public to register Fijian businesses and companies online. The Ministry has also launched the Birth Mobile Application through the Digital Government Transformation Programme.

While the Office of the Administrator General manages the registers and oversees the Justice of Peace, the Office of the Official Receiver oversees the administration of the winding-up of Companies and bankruptcy issues.

The Ministry is allocated a budget of **\$6.2 million** in the 2024-2025 financial year.

MINISTRY OF RURAL AND MARITIME DEVELOPMENT AND DISASTER MANAGEMENT

The Ministry is responsible for implementing and coordinating development strategies that bring Fijians living in rural and maritime regions the same level of access to essential services and economic opportunities, as anywhere else in the country.

Rural development is a key national priority, and the Ministry is mandated to coordinate and implement a wide range of socio-economic activities and expanding the rural infrastructure to support Government's domestic goals of raising the standard of living, uplifting and empowering individuals and communities, growing the rural economy, and reducing poverty.

Provision of basic infrastructure such as proper drinking water and adequate sanitation systems will be prioritised under the rural infrastructure programme called the High-Risk Water and Sanitation Programme (HRWS). The Community Access Roads, Footpaths and Footbridges (CARFF) Programme is aimed at improving accessibility to and from rural and remote communities and pave the way for other essential services to be brought closer to the people.

The Rural Housing Assistance Programme aims to promote safe, resilient, adequate and affordable housing for the rural and maritime areas; thus reduce the disaster risks for vulnerable communities. The Ministry also facilitates the repairs and maintenance of Government Quarters that come under its responsibilities.

The Rural and Outer Island (ROI) Development Programme will also assist in improving agriculture production through farm access roads and land preparation for the subsistence farmers, and accessing markets for economic activities in various sectors, including agriculture, fisheries, forestry, culture and tourism, and communication. Furthermore, the Self-Help Programme (SHP) assists the small social and economic objectives projects where communities provide a third and Government pays two third of costs.

The Ministry's hands-on outreach includes the registration of births, deaths and marriages, the issuance of licenses and the collection of licenses and permit fees and arrears of revenue. These services are provided at all divisional and district offices, throughout Fiji. The Ministry is also responsible for the appointment of District Advisory Councillors.

The Ministry also provides oversight to the National Disaster Management Office (NDMO), which facilitates the coordination and integration of services to enhance disaster preparedness, response, and recovery. The Natural Disaster Risk Management Bill has been tabled to Parliament for consideration. This initiative represents a comprehensive Government approach, in line with NDMO's mandate to enhance disaster response and preparedness. The Ministry facilitates the construction of new evacuation centres as well as retrofitting of existing ones. In addition, the Ministry in collaboration with other agencies will ensure the construction of coastal protection infrastructure to vulnerable communities. Moreover, the Ministry has an allocation for Emergency Water Supplies to assist in the delivery or cartage of water to rural and maritime areas that are affected by dry spells or drought, or even when there are major disruptions that greatly impact supply of water to the people.

In May 2023, the Fiji Government demonstrated its commitment to international aspirations by submitting its Sendai Framework mid-term review report, showcasing its dedication to promoting disaster risk reduction and fulfilling its obligations under the Sendai Framework.

The Ministry is allocated a total of **\$37.9 million** in the 2024-2025 Budget.

REPUBLIC OF FIJI MILITARY FORCES

The Republic of Fiji Military Forces (RFMF) is responsible for maintaining the security and defence of Fiji and the Fijian people, through the latest technologies and defence strategies to address emerging security threats, and supporting the international community to reduce conflict and forge peaceful solutions around the world.

Over the past few years, RFMF has undergone significant internal restructure and transformation. The establishment of the Joint Logistics Command (JLC), the implementation of the Automated Logistics Management Systems (ALMS) and the establishment of a new Warehouse in this financial year will result in major operational efficiency and cost savings for the institution and the Government.

RFMF's Naval Division provides surveillance for Fiji's 1.3 million square kilometres of Exclusive Economic Zone (EEZ) and is also responsible for overseeing maritime search-and-rescue missions, operating Suva Radio 3DP coastal radio station, conducting hydrographic surveys, and providing hydrographic services to mariners who traverse Fiji waters. These are mandatory services that Fiji provides to maintain safety and security of Fiji's EEZ and to fulfil its international obligations under various international conventions, including the United Nations Convention on the Law of the Sea (UNCLOS).

The 2024-2025 budget allocation for RFMF will focus on strategic investments in training, infrastructure, and technology designed to bring significant long-term operation efficiency, technical capacity and capability enhancements across all units, ensuring a more vibrant and modern Military Force.

For more than 40 years, Fiji has responded to the call of the United Nations (UN) to serve in some of the most difficult circumstances, around the world. Fiji has proudly contributed troops to successive peacekeeping operations in Lebanon, Sinai, Iraq, Syria, Timor-Leste, South Sudan, Darfur, Liberia, Bosnia, Kosovo, Kuwait, Namibia, Cambodia and the Solomon Islands.

It is a source of great pride that a nation of Fiji's size is able to make such a meaningful and significant contribution to peacekeeping in some of the world's most troubled regions.

The Peacekeeping arm of the RFMF currently serves in 5 out of the 14 current UN peacekeeping missions around the world, and also in the Non-UN mission in Sinai.

The UN Security Council mandate for peacekeeping operations calls for security personnel deployed to conflict zones under UN authority to: maintain or restore international peace and security, exclusively in the common interest of the international community; disengage the conflict parties; create conditions for peaceful settlement of a conflict; monitor ceasefire agreements; and render humanitarian assistance to civilian populations in the area of deployment.

Whilst Fiji's contribution to the global peacekeeping efforts has been substantial, it significantly lacks investment on major Contingent Owned Equipment (COEs) to realise the full return on its investment. Therefore, over the next few years, Fiji will be investing in major equipment as part of RFMF's COE Upgrade and Maintenance Plan, designed to gain return on investments from peacekeeping missions, whilst improving safety of troops at the respective mission areas.

RFMF is allocated a total of **\$169.6 million** in the 2024-2025 Budget.

FIJI POLICE FORCE

The Fiji Police Force is responsible for maintaining law and order in Fiji by employing best practices in police to respond, using modern technologies and innovative strategies to prevent criminal activities.

The Force is committed to enhance the effectiveness and integrity as Fiji's law enforcement agency whereby it will undergo through a RESET strategy for Restoring Blue initiatives. Existing Memorandum of Understanding with bilateral partners will be re-scoped, embracing the RESET program through capacity and capability development and complimenting Government's effort to reduce criminal activities. The initial focus of the RESET program will be on intelligence, human resources and strategic, with operational planning.

The human resource capability of the Force will focus on a wide range of activities to maintain professional personnel who are well-trained and equipped to handle the evolving criminal landscape.

Facing the challenges of a rapidly modernising society, the Force is seeking out and integrating new technologies to help fight crimes of increasing levels of sophistication. This includes the acquisition of advanced forensic-science tools, the digitisation of the criminal records system within Force, and the procurement of drones for enhanced surveillance in maritime and hard-to-reach places.

The Fiji Police Force is allocated a total of **\$226.8 million** in the 2024-2025 Budget.

MINISTRY OF EDUCATION

The Fiji Government upholds investment in education as its topmost commitment in building a resilient economy, reduce poverty and inequality, sustaining long-term economic growth, and fostering a knowledge-based society.

In the 2024-2025 Budget, a total of \$784.1 million is allocated to the Education Sector. Of this, \$627.6 million is designated for the Ministry of Education, including Higher Education Institutions. Additionally, \$150.5 million is allocated for various scholarships and grants administered by the Tertiary Scholarship and Loans Services, and \$6.0 million is set aside for the ongoing rehabilitation and construction of schools.

The Ministry recognises the need to strengthen its organizational capacity and will continue with the recruitment of key positions for the Curriculum Unit, TVET Education, and Assessment to enhance the core functions of learning and teaching. This includes the ongoing recruitment of qualified teachers to improve the quality of education in our system.

To enhance human capital development, mitigate labor loss through migration, and fund labor market-driven skill sets, the Government has expanded the tertiary scholarship and loans schemes for 2024-2025 with a budget of \$150.5 million. This is expected to sponsor 10,830 new students and support 9,940 ongoing students.

The Government will continue to support access to inclusive education through initiatives such as the Free Education Grant (Year 1-13), Transport Assistance for households with a combined income of \$16,000 or less, the Tuition Grant for Technical and Vocational Education and Training, the Tuition Subsidy Grant for Early Childhood Care & Education (ECCE), provision of food and supplies for boarding schools, and the printing and distribution of textbooks. Additionally, the initiative for menstrual hygiene for girls in Year 6 to 13 will continue with a budget of \$1.0 million to improve access to basic hygiene products in schools.

Higher Education Institutions are allocated a budget of \$90.7 million, which includes funding for the Fiji National University, University of the South Pacific, and University of Fiji.

Funding for capital projects is prioritised based on needs. The Ministry will continue its upgrading and maintenance projects in both primary and secondary schools across Fiji. For Higher Education, Sangam College of Nursing has been allocated a budget of \$1.0 million to expand its nursing school, and the University of Fiji is allocated \$1.0 million to support the construction of the Centre for iTaukei Studies.

In the 2024-2025 Budget, the Ministry of Education is allocated a total of **\$627.6 million**.

MINISTRY OF HEALTH AND MEDICAL SERVICES

A healthy population is fundamental to economic growth. It is the Government's responsibility to ensure that every citizen has access to a full range of quality health services when and where they need them, without financial hardship. Universal Health Coverage (UHC) encompasses the full continuum of essential health services, from primary and preventive care to curative, specialized health services, and palliative care.

The Ministry of Health and Medical Services (Ministry) is committed to realising the Government's vision by ensuring the availability of strong, efficient, and equitable health systems for all communities. Additionally, the Ministry is dedicated to addressing gender disparities through an inclusive budget that benefits all sectors of society.

In the 2024-2025 fiscal year, the Ministry will prioritise investment in Primary Health Care (PHC). PHC is widely recognised as the most inclusive, equitable, and cost-effective approach to achieving UHC. To support PHC, the Ministry has been allocated funding to enhance health facilities with skilled medical professionals, including nurses and allied health staff, who are essential for providing comprehensive patient care and services. The Ministry will also bolster its administrative capacity to ensure the efficient operation of health facilities.

Strengthening primary and preventive health, curative services, specialised services, and public health services, along with ensuring the availability of medicinal products and medical equipment, is crucial for effective service delivery. Adequate funding has been allocated to various service areas to ensure the timely implementation of health services. Additionally, funding has been extended to Non-Government Organisations (NGOs) that assist the Ministry in delivering primary and preventive health services. Specific allocations have been made for the review of acts and legislations, the Non-Communicable Disease (NCD) STEPS Survey, HIV/AIDS Prevention and Control Programme, outreach programs, community engagement initiatives, and the improvement of care quality and safety standards across hospitals and divisions.

Capital investment and infrastructure development are also essential for service delivery. To ensure health facilities remain in suitable conditions and staff quarters are habitable, funding has been allocated for minor works and urgent repairs. Major upgrading projects, including electrical upgrades at Labasa Hospital, Navua, Nadi, and Rakiraki Sub-Divisional Hospitals, will also receive funding. Both non-medical and medical equipment have been budgeted to support infrastructure and service delivery needs.

For the 2024-2025 Budget, the Ministry of Health and Medical Services is allocated **\$451.8 million**.

MINISTRY OF HOUSING

The Ministry of Housing (Ministry) remains steadfast in its commitment to providing accessible, adequate, and affordable housing that supports broader socio-economic development. Housing, like other goods in the economy, is influenced by supply and demand dynamics, making it an essential sector.

In light of the current housing shortage, addressing housing issues and policies is critical not only from a social perspective but also as a part of Fiji's economic development strategy. The rising rate of urbanisation, coupled with the impacts of climate change, underscores the need to strengthen policies and explore operational opportunities to meet the growing demand for affordable housing, particularly for vulnerable populations.

To address these challenges, the Ministry will continue reviewing the National Housing Policy, aiming to provide updated strategic direction and foster growth in the housing portfolio, thereby increasing the supply of social and affordable housing. Collaborating with development partners, including the private sector, the Ministry will introduce innovative strategies to meet the rising demands for home ownership effectively.

The Ministry oversees the administration of Government grants to social housing providers such as the Public Rental Board and the Housing Assistance Relief Trust (HART). This includes subsidies and support for capital projects, with \$2.0 million allocated to the Public Rental Board for the Jittu Estate project and \$2.0 million to the Housing Authority for the Veikoba Bridge project. Additionally, the Koroipita Model Town project receives \$1.5 million to support its low-income and destitute residents.

Support will also be provided for residents who have received eviction notices through the High Court, with \$500,000 allocated under the Habitat for Humanity - Greenfield Pilot Project. Recognising the current economic challenges, the Ministry will continue regularizing informal settlements, ensuring long-term tenure for households residing in these areas. A budget of \$13.5 million is allocated for this program. Furthermore, the Ministry will support first-time homeownership through the First Home Ownership Initiative, with a total budget of \$5.5 million in the 2024-2025 Budget.

Assistance will also be available for homes destroyed by accidental fires, with a budget of \$200,000, and for retrofitting homes for people with special needs, with a budget of \$300,000 to enhance accessibility.

The Ministry of Housing is allocated **\$32.4 million** in the 2024-2025 Budget.

MINISTRY OF WOMEN, CHILDREN AND SOCIAL PROTECTION

The Ministry of Women, Children and Social Protection (Ministry) oversees national policies and programmes that create an inclusive social safety net for Fiji's most vulnerable groups and ensure they are cared for, empowered, and included in our ongoing national prosperity.

The Ministry will continue to administer programmes that protect and serve the most vulnerable and contribute to the country's poverty alleviation strategy. The Ministry's focus remains; which is to ensure families and communities are supported through social welfare programmes, gender empowerment initiatives and enable the protection of children and vulnerable persons.

The Department of Social Protection is responsible for the administration of Government's Social Protection Programmes which provides support to vulnerable families, children, persons living with disabilities and our senior citizens. The programmes aim to assist around 105,000 ongoing beneficiaries and 7,500 expected recipients and is allocated \$171.3 million for the 2024-2025 Budget. The major programmes are the Family Assistance Scheme, Child Protection Allowance, Social Pension Scheme, Allowance for Persons with Disability, Rural Pregnant Mothers' Food Allowance and Transport Assistance Scheme.

To strengthen the Ministry's service delivery for Social Protection Programs, the Ministry aims to improve the social protection system to seek to address risk, vulnerability, inequality, and poverty through a system of transfers to people. A new criterion will be developed to better assess needs and the schemes will be digitized for more effective operations.

The Ministry will establish the Department of Children that will specialise in services that are in-line with legislative commitments. The Department has the statutory responsibility to ensure the safety and protection of the children of Fiji, including those under the care of the State. A budget of \$80,000 is allocated to continue with the establishment process.

The Poverty Monitoring Unit is mandated to provide policy advice to Government on the Poverty Status in Fiji and propose poverty alleviation interventions under the Integrated National Poverty Eradication Programme (INPEP). The Unit will continue to monitor and report on poverty alleviation programmes implemented by respective Government agencies and is tasked to review and develop a 5-year Integrated National Poverty Alleviation Programme Framework. A budget of \$763,400 is allocated to the Unit.

The Department of Women is allocated a budget of \$4.3 million for the promotion of gender equality and the empowerment of all women and girls. Government will continue to provide budgetary support to ensure that the Department continues with its advisory role to Government to ensure the integration of all women and girls' needs, interests, concerns, contributions and perspectives into policies, strategies, programs and budgets. In recognising women's talents and skills, the department will continue with the Fiji National Women's Expo programme with a budget allocation of \$500,000 in the 2024-2025 Budget. The Department will also continue with the implementation of the National Action Plan for the Prevention on Violence against All Women and Girls and continue with the Gender Transformative Institutional Capacity Development initiative in addition to progressing the development of a National Action Plan on Women's Economic Empowerment which is supported with the Ministry-led Fiji Country Gender Assessment.

The Ministry of Women, Children and Social Protection is allocated **\$199.5 million** in the 2024-2025 Budget.

MINISTRY OF YOUTH AND SPORTS

The Ministry of Youth and Sports (Ministry) aims to empower the youth of Fiji and promote sports as a means of fostering community cohesion, healthy lifestyles, and national pride. In addition to its core responsibilities focusing at facilitating youth and sports development through the establishment of a conducive policy environment and having strategic support structures, systems and processes, the Ministry is embarking on a journey for the Pursuit for Excellence. Encompassed through this transformational journey is the launch of its strategic development plan, the hosting of the Pacific Youth Ministers Meeting and development of the Pacific Youth Development Framework 2, and the alignment of our sporting structures and pathways to the Step-Up Oceania 2032 Strategy. Although the Ministry is setting its sights on these strategic pathways it's Youth and Sports development programs will still deliver its short-term emergency responses to the needs of our sporting people and youth.

Through sporting development in Fiji, the Ministry encourages the promotion of equitable, safe and fair sports through the launch of the National Sports Policy and the passing of the National Anti-Doping Bill 2024. The National Sports Policy will be the catalyst for transforming sporting in Fiji through reviews of how the Ministry can better create an environment for success through its legislated partners. Sports will continue to play a key role in building social cohesion and improve Fiji's image globally and this will be strengthened further this year with the Ministries cross cutting initiatives.

Youth Development program centers on the provision of assistance to youths through advisory, empowerment and capacity building including specific skills training. Given Fiji's young population, the Ministry carries the responsibility of harnessing and channelling the untapped raw potential of Fiji's young people and releasing them into productive areas of society where they can make a difference. This involves providing training to develop both soft and hard skills, encouraging networking, mentoring, providing opportunities to build leadership skills through local level implementation, and promoting entrepreneurship and innovation. In doing so, Government is enabling Fiji's next generation of leaders - an investment of developing the youth of today to improve Fijian communities of the future.

The Ministry serves as the government arm in creating and monitoring legislations that will further enhance Fiji's Sports Development programs ensures the simultaneous implementation of infrastructure and sports education to ascertain necessary tools that are available for all Fijians. The Ministry will continue to work closely with the Fiji National Sports Commission and Fiji Sports Council in the development of sports programmes and facilities.

In line with Government's support of the 2031 Pacific Games Bid and the long-term vision for the 2032 Brisbane Olympic Games, through the Step-Up Oceania Program and establishing a strong grassroots development program for all sports, the Ministry's Sports Development Unit is responsible for the advancement of Fijian athletic facilities and development of Sports related policies. As in the past years the Ministry will continue to invest in building and upgrading Fiji's sporting infrastructure, in areas that make the most impact for its nation's development strategy. The Ministry will continue to work closely with the National Sports Commission to review and enhance the system that nurtures sportspeople at all levels, from beginner to elite and nurture sustainable funding pathways for sports in the country.

The Ministry of Youth and Sports is allocated **\$23.4 million** in the 2024-2025 Budget.

MINISTRY OF AGRICULTURE AND WATERWAYS

The Agriculture sector has been the cornerstone of Fiji's economy since independence, making a substantial contribution to economic growth while serving as a vital source of livelihoods, income and employment. In addition to its core responsibilities of providing food and income security, agriculture remains a major export earner, and a crucial player in reducing foreign exchange outflows.

The 2024-2025 Budget emphasizes sustainable agriculture, environmental conservation and responsible use of natural resources for future generations. Using the 2024-2028 Ministry of Agriculture Strategic Development Plan as its compass, the Ministry aims to enhance large scale production through improved machinery and farm road access, essential for linking farmers to markets and to open up new areas for agriculture production. Public Private Partnership initiatives will continue to facilitate communal ownership of essential equipment such as tractors, rice harvesters and diggers among farming clusters and co-operatives.

The policies will support interventions to focus on providing good quality seeds and planting materials, bolstering research capabilities and strengthening research services. Addressing the challenge of youth migration from rural and maritime areas, the Ministry remains committed to provide equitable support for youth and women initiatives.

Fiji relies heavily on food imports to meet local and tourism demands. However, to reduce this dependency, efforts will be intensified to enhance livestock and crop farms, aiming to capture a larger share of the tourism and local spending by promoting locally grown produce, scaling up production, and value adding.

Over the past decade, significant strides have been made in eradicating zoonotic diseases such as Tuberculosis and Brucellosis amongst the cattle population. The Ministry continues to support the Tuberculosis and Brucellosis Eradication Campaign (BTEC) programme and implements the Stray animal programme to mitigate damage to crop and livestock farms.

The re-establishment of the Drainage Board will significantly contribute to safeguarding our drainage systems and enhancing water management practices. This initiative marks a crucial step towards building a more resilient and prosperous Fiji. Sustainable waterways play a vital role in flood mitigation, agricultural productivity, and combating the effects of climate change. The Ministry remains committed to constructing nature-based seawalls, dredging major rivers, protecting river banks, and managing watersheds. These efforts collectively aim to strengthen our environmental and economic resilience to boost the agriculture sector.

The Ministry of Agriculture and Waterways is allocated a total of **\$101.2 million** in the 2024-2025 Budget.

MINISTRY OF FISHERIES

The Ministry of Fisheries is mandated to lead a nationwide effort for sustainably managing and developing Fiji's fisheries, aiming to maximize socio-economic benefits while ensuring their long-term sustainability. This is accomplished through robust collaboration with a wide array of stakeholders, including resource owners which consists of subsistence fishers in remote islands, rural villages, and informal settlements; inshore and offshore commercial fishers. The core principle guiding these efforts is the sustainable management of marine resources to support food security and drive economic growth.

In this regard, the Ministry in the 2024-2025 financial year will continue to review laws governing Fiji's fisheries to address new and emerging issues inadequately addressed by current legislation. The goal is to develop fit-for-purpose legislation to support growth in the fisheries sector.

To demonstrate Fiji's commitment to sustainable ocean management, and to support global and regional leadership, the Ministry is preparing to host the 21st Annual Regular Session of the Western and Central Pacific Fisheries Commission (WCPFC) towards the end of 2024. This prestigious event will bring together approximately 550 delegates from member countries and territories, non-members, and observers, providing a significant platform to enhance Fiji's international standing and strengthen diplomatic relations.

The Ministry is focusing its research efforts on smart partnerships with key partners to strengthen the science of cultivating high-value marine species and as well as the upgrade of aquaculture hatcheries to boost juvenile production. This aims to increase farm production, encourage aquaculture growth, promote commercial-scale farming, and ensure sustainable food security.

To facilitate business operations within the fishing industry, the Ministry is developing an e-platform system under the Offshore Fisheries Management Division for the issuance of licenses and permits.

Moreover, the Ministry will construct the Koro and Cawaro ice plants and empower coastal communities through appropriate capacity building and training to encourage safer fish postharvest handling. This will also support efforts to promote maximum participation in setting up Fisheries Co-operatives, with government support channelled towards this business model.

The Ministry will continue to ensure that quality and excellence are embedded in the processes, service delivery, and personnel at the 32 Fisheries Service Centres across Fiji. It will work diligently to balance the cultural significance of fishing with economic development within the fisheries sector, ensuring that Fiji meets national, regional, and international obligations to protect marine resources. Key budget components to support coastal communities will be rolled out to bring greater prosperity to all Fijians.

The Ministry's commitment to achieve a sustainable blue economy remain steadfast. It will continue its effort towards climate resilience and adaptation through practical and viable solutions to benefit businesses, the sector, and the communities it serves. These efforts will also address critical fisheries areas such as illegal, unreported, and unregulated fishing (IUU); fisheries sector trade subsidies; maximizing resource rent; sustainable food security; harnessing the full potential of Fiji's aquaculture and inshore industries through import substitution and diversification; engaging in blue carbon trading; marine biodiversity conservation; and disaster management.

The Ministry of Fisheries is allocated a total of **\$25.3 million** in the 2024-2025 Budget.

MINISTRY OF FORESTRY

The Government of Fiji recognises the potential of the forestry sector to provide rural employment, income and economic development in order to promote rural stability, improve rural living standards and to act as a major source of foreign exchange. Managing Fiji's forests and forestry sector represents both a vital aspect in delivering socio-economic development for the people of Fiji while ensuring environmental integrity and climate resilience including Fiji's international commitments in combatting climate change.

The Ministry has made great strides in continuing to deliver its economic recovery plan and Fiji's National Development Plan. The 2024-2025 Budget will enable the Ministry to strengthen efforts towards sustainable management and development of forestry resources through strengthening sustainable forest management, encouraging community and private sector participation in plantation development and encouraging the growth of timber product development. This enables both the improvement of the socio-economic impact of forests in Fiji and contributes positively to the global environment.

The Ministry's flagship initiative of planting 30 million trees in 15 years (30MT15Y) to promote forest landscape restoration and Fiji's green recovery will continue to grow from strength to strength. Since the inception of the programme, the people of Fiji have planted trees across all landscapes, from rehabilitating forest ridges to mangrove restoration.

Moreover, an increased allocation in the 2024-2025 Budget for the Ministry's Emission Reduction Programme will continue to help Fiji meet its international commitments through the REDD+ programme. Fiji's REDD+ readiness has now been completed with support from the World Bank and the funds will allow Fiji to move to the next phase of the Emission Reduction Programme, including supporting landowning communities to ensure the benefits of the programme are shared equitably.

The Ministry will continue to expand Maritime Pine projects to ensure the socio-economic benefits of the Forestry sector, including rehabilitation, rebuilding and economic development, are extended to our maritime communities. Recently, a jetty in Muani, Kadavu was constructed through the support of the Ministry, to enable the subsidised transport of logs. An increase in the 2024-2025 budget allocation for this programme will allow the Ministry to continue its efforts in extending the maritime project to additional islands in the Lomaiviti group and Lakeba.

The development of Cottage Industries in Fiji remains a priority for the Ministry to enhance landowner involvement in the sector. The budgetary allocation for the Forest Subsidy programme will provide financial support for new and existing small cottage industries. Funds will be utilised to procure woodworking machines and equipment to support youths, women and community based businesses who will in turn contribute to the growth of the sector.

Support for our stakeholders in the Pine and Mahogany industries will continue for this financial year to better support the two backbone industries of the forestry sector and most importantly to support communities who own these forest resources. These two industries contribute over 90% of exports in forest products and contribute enormously to Fiji's tree planting initiative. An important task regarding the Mahogany sector in particular will be the review of its strategies and governance to ensure that the sector meets its full potential in delivering economic development for Fiji.

The Ministry will continue to accelerate its Research and Development in various areas across the sector, to support the above initiatives, with the intention to create a regional hub for education and learning in the Forestry sector.

The Ministry of Forestry is allocated **\$31.4 million** in the 2024-2025 Budget.

MINISTRY OF LANDS AND MINERAL RESOURCES

The Ministry of Lands and Mineral Resources play a pivotal role in Fiji's national development. The Ministry is responsible for the effective administration, regulation, and management of Fiji's state land and mineral sector. Being aligned to the vision and development plans of the Government of the day, the Ministry strives to ensure, amongst others, there is a well-planned allocation of land, that there is safe and clean drinking water supply to the rural communities, and that a conducive regulatory framework is in place for business development and growth for the land and mineral sector. The Ministry is also mandated to manage revenue from services such as lease fees and ground rent, survey plans, licenses, and royalties. Being an important facilitator and contributor to Fiji's social and economic development, the Ministry is strongly committed to develop, review, and adopt ethical and market-driven policies that enhance economic growth, sustainable development, and the ease of doing business in Fiji.

The allocated budget for the 2024-2025 Financial Year will support and advance the Department of Lands surveying works with six mahogany plantations to be completed within the cabinet approved timeline of 2029. In its work towards enhancing Fiji's Geodetic Datum System, the budget will ensure that it is compatible with international standards. In addition, important survey work in the proper demarcation of land boundaries under the Schedule A project. The Ministry, through the Land Use Unit, will continue to coordinate the implementation of Government's land reform initiatives with the overall aim of creating a more fair and secure leasing environment for both tenants and landowners. To ensure consistency and reliability of processes and procedures, the allocated budget will enable the Ministry to advance its commitment towards the digitization of lease administration processes, scanning of state lease files, and using in-house skills and resources to continue its work on the development of a lease administration digital platform that is user friendly, efficient, and cost-effective. Budget allocated will also strengthen the Ministry's ability to maintain spatial data sets that are currently held at the Fiji Geospatial data hub to support decision making across government.

Moreover, the Department of Mineral Resources oversees and facilitate the development of Fiji's mineral, rock and groundwater resources. The budget allocated for the 2024-2025 Financial Year will enhance the number of reticulated boreholes to communities in the rural and maritime areas. This project is one of the measures managed by the State that aligns to SDG 6 ensuring access to clean and safe drinking water, improved sanitisation facilities and better hygiene. The allocated budget will boost the Department to continue to study and undertake baseline survey of potential river aggregate sites. This initiative will greatly assist the Ministry and Fiji's construction industry in the determination of potential river gravel sites and the amount of resource available in Fiji for sustainable extraction. The budget will cater for the purchase of laboratory equipment and consumables that will allow the Department to continue to offer geochemical analytical services on soil, rocks, sediments, and water. Further, the budget will support the use of the research vessel that will be used for all mineral explorations and geological mapping within Fiji waters as well as coastal assessments and surveys for vulnerable communities directly affected by sea level rise and climate change impacts. The Department will enhance its advisory role in providing researched geological information regarding potential geohazards phenomenon and associated risks such as tsunamis, earthquakes and landslides.

To sustainably regulate the mining and quarrying sector, budget has been allocated to strengthen the Ministry's regulatory role, promoting mining investment growth and equitable economic activity. In addition, the allocated budget will boost the Ministry's Corporate Services Division to continue to provide effective and efficient administrative and financial support to all professional and technical divisions, better enabling the entire Ministry to achieve Government goals and obligations.

The Ministry of Lands and Mineral Resources is allocated a total of **\$36.5 million** in the 2024 – 2025 Budget.

MINISTRY OF TRADE, CO-OPERATIVES, MICRO, SMALL AND MEDIUM ENTERPRISES AND COMMUNICATIONS

The Ministry of Trade, Co-operatives, Micro, Small and Medium Enterprises, and Communications remains at the forefront in creating a safe, enabling and thriving environment for inclusive and sustainable economic growth. The Ministry is actively working to solidify and strengthen Fiji's position as the economic and international trade hub of the Pacific, and to diversify the economy to be more vibrant, resilient and export-led.

The following Units/Departments are under the ambit of the Ministry: Trade Unit; Economic Unit; Department of National Trade Measurement and Standards; Department of Co-operative Business; Micro, Small and Medium Enterprises Fiji Unit; Department of Communications; Digital Government Transformation Office; and Information Technology and Computing (ITC) Services, along with four distinct Trade Commissions to cater for targeted international markets: Australia; New Zealand; China and North America.

The Ministry also oversees the following Statutory Bodies: Consumer Council of Fiji; Investment Fiji; Film Fiji; Real Estate Agents Licensing Board; Walesi and Telecommunications Authority of Fiji; and Professional Bodies such as Outsource Fiji, Textile, Clothing and Footwear Council and Business Assistance Fiji.

Given the diverse sectors that the Ministry supports, a dynamic shift of our approach is evident to address external shocks, with the aim to ensure a robust economic future. In this financial year, the Ministry will continue to work with its stakeholders to achieve a well-coordinated and collaborative response towards socio-economic recovery and accelerated solutions.

The Ministry is currently spearheading several initiatives that will drive economic diversification with positive spillover effects of job creation and livelihood support, such as the Ease of Doing Business Programme, commonly known as BusinessNOW, the development of the micro, small and medium enterprises (MSMEs) and ICT.

BusinessNow is a national strategic initiative that forms part of Fiji's Digital Government Transformation agenda to provide a single digital portal for Government services for business and investments. In the 2024-2025 financial year, extensive work will be undertaken towards the digitalisation of the Building Permits and Approvals processes. Ultimately, such reforms are to create an enabling and streamlined environment for businesses in Fiji such as the MSMEs, including co-operative businesses.

The Ministry is committed to continuing its work in supporting the development of the MSMEs in Fiji to re-ignite grassroots entrepreneurship and empower ordinary Fijians' ability to tap into their economic potential, and strengthen resilience, all while growing the economy. The Ministry's programmes will reinforce grassroots level entrepreneurship by providing skills training and economic guidance to arm MSMEs with the necessary knowledge to succeed in their business.

The Ministry is also responsible for keeping the people of Fiji connected both domestically and internationally by ensuring the provision of efficient, competitive, cost-effective, and accessible telecommunications services. It oversees the entire government ICT infrastructure, ensuring reliability and efficiency in the government network, providing a solid foundation for the delivery of public services to better serve Fijians.

The above investments will ensure the advancement of Fiji's trade and economic position globally; making Fiji a premier destination for doing business; strengthen the Co-operative movement and MSMEs contribution towards Fiji's economy; growth of trade, economic development, enhancement of the government ICT network; introducing new digital services; and optimising existing systems to improve overall efficiency.

The Ministry of Trade, Co-operatives, Micro, Small and Medium Enterprises and Communications is allocated a total of **\$106.6 million** in the 2024-2025 Budget.

MINISTRY OF MULTI-ETHNIC AFFAIRS AND SUGAR INDUSTRY

The Ministry of Sugar Industry has been working closely with its stakeholders to improve productivity and efficiency both at the farm level and at the mill.

The Ministry will continue with its subsidy programme for fertilizer and weedicide, farm mechanisation including cane cartage support to farmers planting sugarcane around Rakiraki to ensure farmers are not burdened with the increasing costs of inputs.

The Ministry will continue to improve road infrastructures through its cane access roads programme targeting cane farmers with poor road access. The need for proper in-field drainage for sugarcane farms has been highlighted during the recent consultations, therefore government will continue to make in-field drainage for sugarcane farms which will reduce flooding and improve crop yield.

The Ministry will implement the farm mechanisation budget to mechanise the sugar industry as labour has been a huge issue for the sugarcane farmers for some time. The programme will support sugarcane cooperatives and farmers to invest in farm machineries to become less reliant on labour. Use of machineries will also improve efficiency in sugarcane production.

Other programmes that are being introduced in this new financial year will benefit farmers by providing monetary incentives to become more productive in their farms, easing transportation issues by providing more cage bins and providing support by subsidising lease premiums for new and existing farmers.

The Ministry of Multi-Ethnic Affairs was re-established in December 2022 to work pro-actively with the Indo-Fijians and other minority groups in Fiji to promote cultural diversity and create a socio-economic inclusive society where Fiji's multiracial, multi-religious and multi-cultural context is recognised, respected and celebrated.

The Ministry has undertaken preparatory works in establishing gas crematoriums that will be accessible by all Fijians to cremate their loved ones. The Ministry will also engage with the Fijian population by encouraging and organising cultural events and activities.

The Ministry of Multi-Ethnic Affairs and Sugar Industry is allocated a total of **\$76.1 million** in the 2024-2025 Budget.

MINISTRY OF LOCAL GOVERNMENT

The Ministry of Local Government is guided by a fundamental vision that emphasises the significance of good governance at all societal levels to drive Fiji's economic development and upholding every Fijian's constitutional rights.

The Ministry, through the Department of Local Government, oversees 13 municipalities in Fiji, comprising of two City Councils and 11 Town Councils. The Municipal Council's vision and mission is to promote the health, wealth and convenience of the inhabitants of the municipality. Municipal Councils rely on the rule of law outlined in the Constitution of Fiji and use relevant Acts, by-laws and resolutions, which are associated and incorporated in the Local Government Act 1972 to promote their Vision and Mission.

The Department of Local Government holds the regulatory authority over the Municipal Councils and provides oversight and monitoring of the National Fire Authority through the Local Government Act 1972 and the National Fire Services Act 1994, respectively. In the 2024-2025 financial year, the Ministry with the support from the United Nations Development Programme and the Asian Development Bank, will develop a detailed work plan for a Western Division Landfill and carry out a feasibility study for the Waste Management Authority. This will also look at the model and the engagement of private sector investment into the project.

A key mandate of the Ministry is to ensure successful elections of Municipal Councils. These elections are crucial for ensuring local representation, democratic participation, accountability, transparency, effective local governance, community engagement and empowerment.

The Ministry in collaboration with the National Fire Authority, will continue to work towards providing emergency services in order maintain public safety. The National Fire Authority is provided with operational grants, funding for fire station upgrades, and subsidies for the purchase of emergency vehicles and life-saving equipment.

Strategic urban planning is a governance tool to equitably distribute wealth, establish essential infrastructure, and improve living standards, thereby creating sustainable and resilient communities. The Department of Town and Country Planning, operating within the Ministry, serves as the responsible authority for the administration, planning, and regulation of buildings and subdivision of land development and the strategic planning of land use in Fiji under the Town Planning Act 1946 and the Subdivision of Land Act 1937.

The Department of Town and Country Planning's jurisdiction encompasses municipal boundaries, gazette-designated rural areas as per the Local Government Act, and rural planning boundaries, excluding iTaukei reserve lands. As part of our planning direction, it is crucial to revise the Planning legislation, as it forms the foundation of urban governance, land management, and planning policy framework. Additionally, the Urban Policy Action Plan (UPAP) establishes a high-level delivery framework, vision, and objectives that underpin national-level urban development. Concurrently, the new Masterplan for Viti Levu will set practical goals at the regional level, integrating development plans of key stakeholders who have a direct impact on land use planning. The Ministry will in this financial year, work on a detailed Master Plan, which will a comprehensive tool that guides the orderly and sustainable development of a community.

In addition, the Ministry together with the Ministry of Environment and Climate Change, will work on the development of a National Blue Town Framework, which will provide a strategic plan for sustainable coastal development, integrating environmental protection, economic growth, and community well-being.

The Ministry of Local Government is allocated a total of **\$31.5 million** in the 2024-2025 Budget.

MINISTRY OF TOURISM AND CIVIL AVIATION

The Ministry of Tourism and Civil Aviation, as a newly established Ministry, is responsible for policies and strategies that promote a sustainable and resilient Fiji tourism and aviation industry that adds value to the local economy. The Ministry will continue its efforts in positioning Fiji strategically in the global travel and tourism market with a view of being future fit.

The following Departments are under the ambit of the Ministry: Department of Tourism and Department of Civil Aviation.

In the 2024-2025 financial year, the Ministry will continue working with its stakeholders with a focus on the sustainable growth of the tourism industry. The Ministry will be guided by Fiji's National Sustainable Tourism Framework 2024 that will set the policy direction for the tourism industry over the next ten years. The Framework outlines the overarching goal to transform the sector to ensure a sustainable future that has the economic and social wellbeing of our people, our ocean, our environment, and our culture at its heart. The vision is to ensure that by 2034, our sustainable, thriving and inclusive tourism sector promotes community wellbeing, provides equitable opportunities, and restores and protects our unique cultural heritage and biodiversity.

In addition, the Ministry will ensure effective and efficient service delivery provided by the Department of Civil Aviation through expanding access to reliable aviation services within Fiji and globally. The Department will continue to negotiate reliable and cost-effective aviation services, conduct legislative review and implementation, including Aircraft Accident Investigations and driving sustainability, in close collaboration with domestic aviation stakeholders. The Department will also provide secretariat services to the relevant regulating body - the Air Transport Licensing Board.

Furthermore, the Ministry is currently undertaking the first phase of the Vanua Levu Tourism Development Programme, the 'Na Vualiku' Project, which aims to support resilient and sustainable tourism development in Vanua Levu. This first phase of the programme focuses on bolstering tourism in Vanua Levu, including Taveuni Island, by improving access to and climate resilience of essential services – such as drainage, sewage, and transport infrastructure. This includes the Labasa and Savusavu domestic airports, as well as an upgrade to the 95-kilometer road connecting the two towns.

The Ministry of Tourism and Civil Aviation is allocated funding of **\$68.9 million** in the 2024-2025 Budget.

MINISTRY OF PUBLIC WORKS, METEOROLOGICAL SERVICES AND TRANSPORT

The Ministry of Public Works, Meteorological Services and Transport consists of the Fiji Meteorological Services, Department of Works, Department of Energy, Department of Water and Sewerage, Department of Transport and Government Shipping Services.

Through these Departments, the Ministry is responsible for policy formulation, planning, design, regulatory, coordination and implementation of programs, projects and services relating to public works, water, sanitation, energy, meteorology, hydrology and transport services for land and sea. It is also responsible for providing policy and legislative oversight of the Fiji Roads Authority (FRA), Water Authority of Fiji (WAF), Maritime Safety Authority of Fiji (MSAF) and Land Transport Authority (LTA).

In the 2024-2025 Budget, the Ministry is allocated a sum of **\$721.4 million** comprising of **\$210.0 million** for operating expenditure, **\$507.4 million** for capital expenditure and **\$4.1 million** for VAT.

FRA is responsible for effective management and administration of Fiji's land transportation network which includes the maintenance, upgrade and replacement of roads, footpaths, streetlights, bridges and jetties. FRA's total budgetary provision for the 2024-2025 financial year is **\$354.8 million**. This comprises **\$16.0 million** for its operating grant and **\$338.8 million** to cater for capital grant.

WAF is responsible to provide every Fijian household access to clean water and sanitation paving the way for sustainable development and most importantly meeting the basic human need for health and wellbeing of every Fijian. In the 2024-2025 Budget, a sum of **\$259.4 million** is allocated to WAF of which **\$123.6 million** is for operating grant and **\$135.8 million** for capital grant.

MSAF is responsible for ensuring the safety of our seafarers and vessels. A total budget of **\$9.4 million** is allocated to MSAF for both its operating and capital grant.

LTA is provided a total budget of **\$36.7 million**, comprising of **\$26.0 million** as operating grant and **\$10.7 million** as capital grant. The 2024-2025 budget provision will boost the Authority's enforcement operations and improve the level of service rendered to the public.

Government Shipping Services plays a key role in addressing the need for safe and affordable maritime transportation systems that can provide a boost for economic growth in maritime communities. It also facilitates reliable shipping services to government departments through its own fleet of vessels and to the public through the Shipping Franchise Scheme. Government Shipping Services is allocated a budget of **\$9.9 million**.

The newly established Public Works Department (PWD) within the Ministry is responsible to improve the state of rural roads around the country for which, a sum of **\$5.0 million** is allocated for the upgrade and maintenance of rural roads. In addition, **\$6.0 million** is allocated for the maintenance and refurbishment of public structures, water and sewer lines.

The Fiji Meteorological Services is allocated **\$8.1 million**. It provides critical weather, climate and hydrological data as well as forecasts and weather warnings to ensure our people are well informed, especially during times of natural disasters and inclement weather.

Government maintains the commitment towards achieving 100% access to affordable and reliable sources of energy. The Department of Energy will continue to facilitate housewiring connections for completed grid extension projects and solar home systems programme for remote and maritime communities. The Department of Energy is allocated **\$9.6 million**.

MISCELLANEOUS SERVICES

Funding allocations under Miscellaneous Services are administered by the Ministry of Finance, Strategic Planning, National Development and Statistics.

The allocations under the Miscellaneous Services requires additional scrutiny for disbursement and stringent monitoring procedures to ensure that funds are utilised for the purpose budgeted for. This also provides a control mechanism for new programmes and special payments.

Funding for contingency purposes like salary contingency and natural disasters are also allocated under Miscellaneous Services.

Major ongoing operating expenditure allocations include; \$90.0 million for Public Private Partnership (PPP) - Health, Cash Grant of \$15.0 million for the Fiji Cyclone Recovery Programme (DFAT), \$6.8 million for the Insurance for Social Welfare Recipients and \$10.4 million for Public Service Broadcast (Television and Radio).

Other major ongoing capital expenditure allocations include; \$36.0 million for Vehicle Lease, \$7.0 million for Miscellaneous Grant-in-Aid, \$150.5 million for the Fijian Scholarship Scheme, \$40.0 million for the Back to School and \$10.0 million for the Electricity Subsidy.

A total of **\$454.0 million** is allocated under Miscellaneous Services for the 2024-2025 financial year.

PENSIONS, GRATUITIES AND COMPASSIONATE ALLOWANCES

The Pensions Unit manages the computation and payment of various pensions in accordance with existing pension legislation. It also processes re-engagement benefits for corrections officers, military officers and forest guards.

Additionally, the Unit oversees the payment of pensions to government pensioners, ex-parliamentarians, ex-prime ministers and presidents, ex-chief justices and retired judges, service pensioners and the widows and orphans of deceased public officers.

Details of Expenditure:

- 1) Provision for payment of civil pensions under the Pensions Act 1983.
- 2) Provision of 60% to civil pensioners' widow or widower under Section 16 of the Pensions Act 1983.
- 3) Provision for widows and orphans entitled to pensions. Payment is only provided for those widows and orphans whose deceased husbands (Public Officers) contributed to this scheme. (Widows and Orphans Pension Act 1914)
- 4) Provision for lump sum payment for prison officers gratuity and re-engagement benefits - Pensions Act 1983.
- 5) Gratuities to Contract Officers.
- 6) Includes provision for Lebanon and Sinai Pensions and re-engagement benefits of RFMF officers under Section 7 of the Pensions Act 1983.
- 7) Pension to former Presidents' and Prime Ministers'.
- 8) Pension to members and to widows/widowers of former Members of Parliament in accordance with the Parliamentary Retirement Allowances Act, 1989.
- 9) Pensions to former Chief Justices and Retired Judges.

***Notes on Loan Funding**

(1) The Fijian Government primarily issues Fiji Infrastructure Bonds and Viti Bonds (retail bonds) in the domestic market. In the 2024-2025 fiscal year, the Fijian Government may issue other thematic bonds like Green Bonds and Blue Bonds.

(2) Government maintains financing within the total borrowing limit approved by Parliament. Government may increase its overseas limit simultaneously reducing its domestic limit and vice versa. This provides flexibility and ensures that Government can fully utilise all financing sources available whilst remaining within the borrowing limit.
